

# STBVR81-RB1

## Photoelectric Sensor – Touch Switch

### For Two-Hand Control System

#### Features

- Ergonomically shaped
- Upper housing part of polyetherimide
- Pre-assembled protective cover

#### Technical data

|                  |                  |
|------------------|------------------|
| Type             | STBVR81-RB1      |
| ID               | 3080685          |
| Optical data     |                  |
| Function         | Touch Button     |
| Light type       | IR               |
| Electrical data  |                  |
| Mechanical data  |                  |
| Design           | Rectangular, STB |
| Housing material | Plastic, PBT     |
| Protection class | IP66             |
| Tests/approvals  |                  |
